## FOCUS ON THE HOME: DIG DEEPER

### *For the Parents*

During this week's GO lesson your child learned about the country of Nepal and heard from a girl named Asmita who lives there (See her video at [awana.org/stories](http://awana.org/stories)). Asmita has learned that even when things are difficult, she can trust God to be with her. You can use these questions to start the conversation with your child about what he/she learned from Asmita and how they know God is always with them:

- How did Asmita learn that God was always with her?
- Do you think it's easier or harder for people in another country to know God is always with them? Why?
- When have you been sure God was with you in a hard or scary time? How can you help others know He is always there?

### *Family Activity: The Caste System*

Even though it's illegal in Nepal, many of that nation's residents still honor the caste system. In this social structure, a person's opportunities are determined by their social status and family connections—not by their abilities or work ethic. Talk with your child about the caste system and how it leaves some individuals without any hope. Remind them that Jesus doesn't see things this way. He loves everyone, and He wants us to love everyone as well.

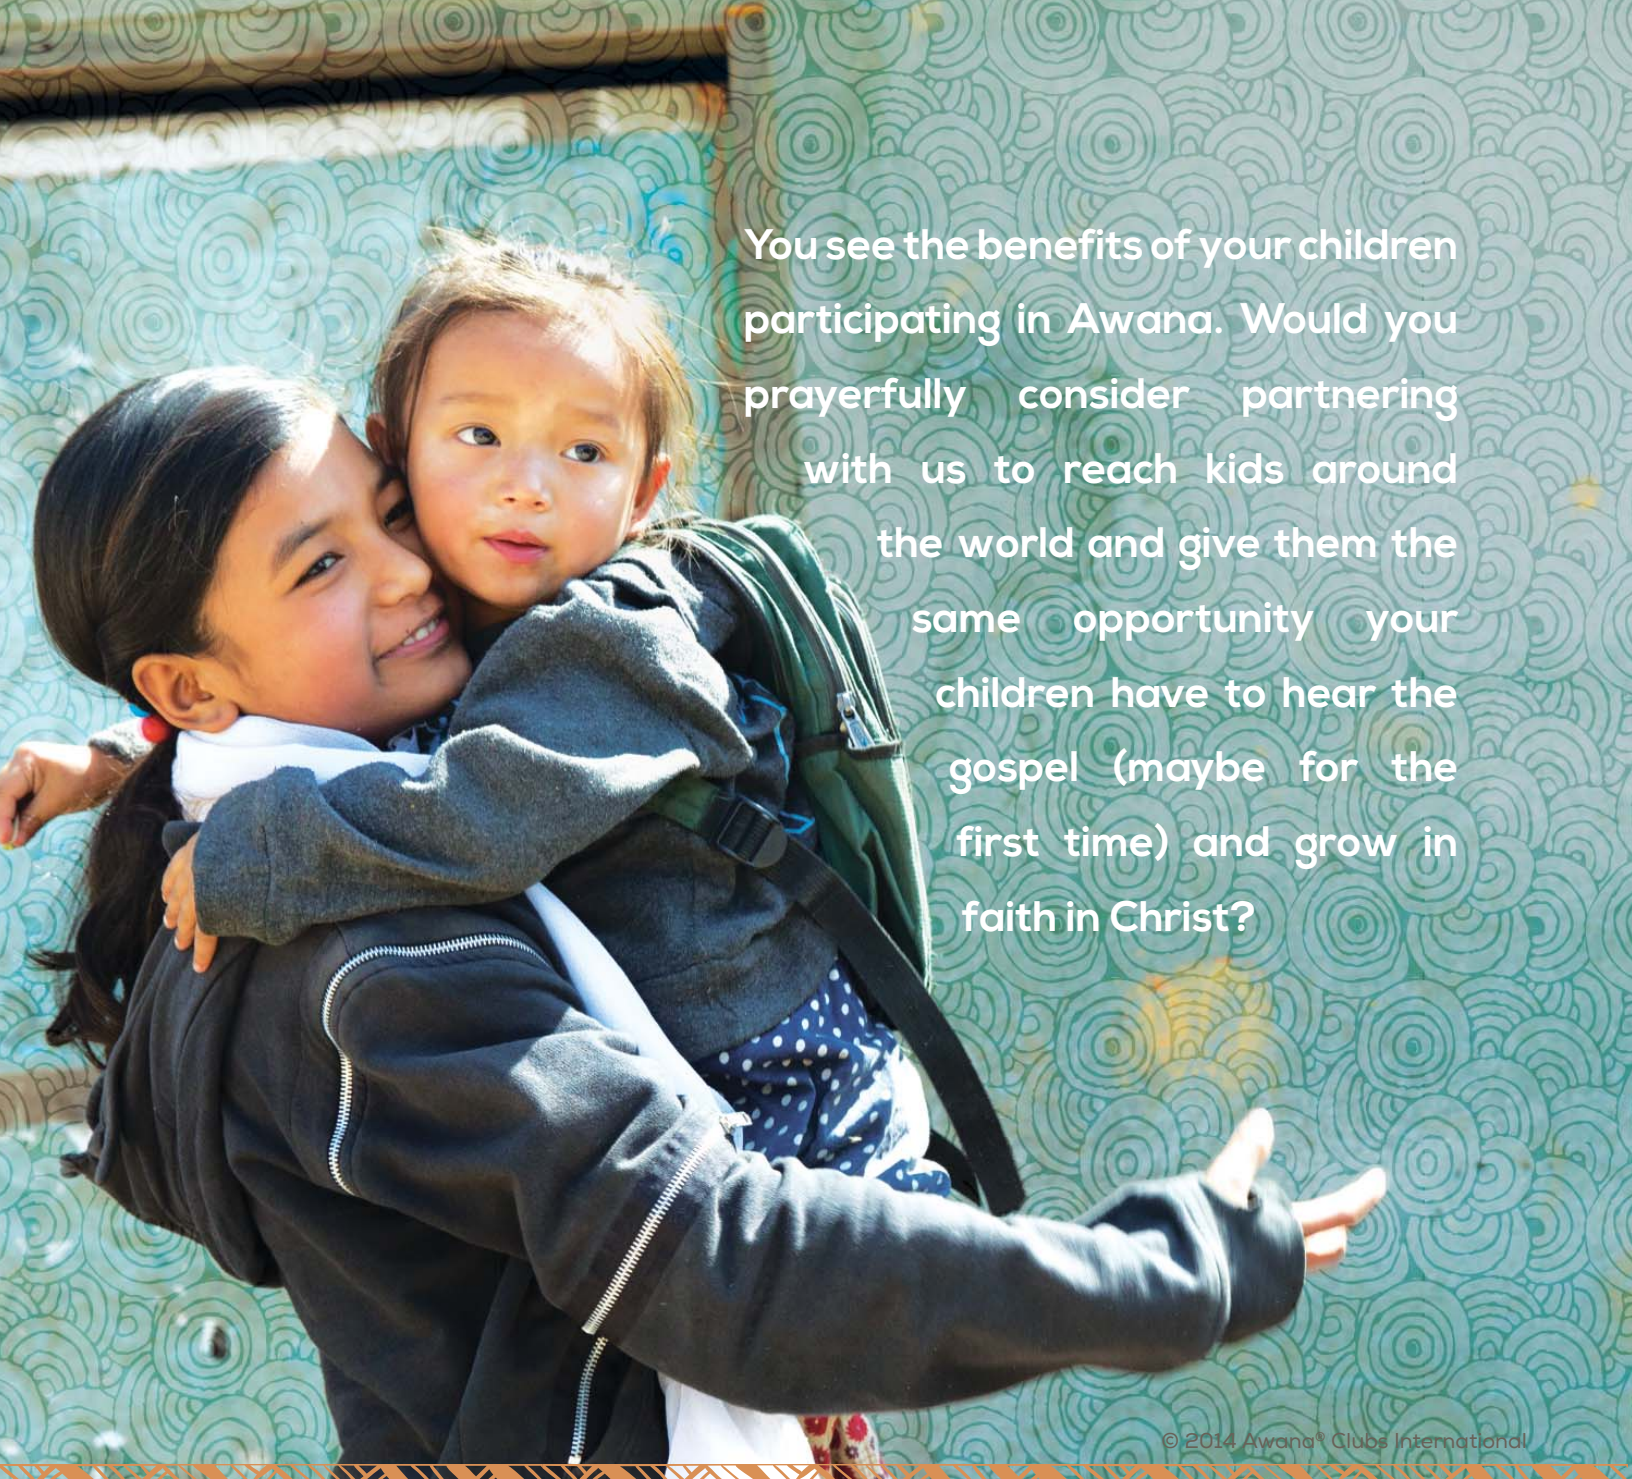

Talk with your child about ways he or she can show God's love to people they meet, regardless of their differences. Work together to identify a specific way your family can minister to someone who is different than you. Possible ideas might include volunteering at a food kitchen, clothing closet, or homeless shelter. Be intentional about putting your plan into action soon. Discuss how ministering to others like this can remind them that God is always with them.

You see the benefits of your children participating in Awana. Would you prayerfully consider partnering with us to reach kids around the world and give them the same opportunity your children have to hear the gospel (maybe for the first time) and grow in faith in Christ?
